SUPPLEMENTARY INFORMATION:**Authority**

This action is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, Section 201-03, as amended, 42 U.S.C. 3721-23 (1994).

Background

The National Institute of Justice (NIJ), with the support of the Office for Victims of Crime (OVC), is undertaking a multi year evaluation effort to assess the effectiveness of the Victims of Crime Act (VOCA) funded compensation and assistance programs in meeting the needs of crime victims. The overall program will yield: (a) A needs assessment from the victim's point of view; (b) an assessment of the services available to victims from VOCA and other federally-funded victim programs of financial compensation and assistance, as well as other local and private victim services; (c) identification of unmet needs such as gaps in service or access to compensation; and (d) suggestions for improving the delivery of and payment for services to all crime victims. The products from this effort will provide an evaluation of VOCA compensation and assistance programs, along with guidelines for increasing their utility and effectiveness in meeting the needs of crime victims.

This solicitation is the first phase in the effort; it will fund innovative and creative pilot tests of recommended approaches to be followed in a subsequent separately-funded national effort to identify crime victims and their needs, the sources of aid they sought and received to meet these needs, the adequacy of this aid in meeting those needs, and the impact of VOCA in meeting those needs.
